

Covid-19 General Risk Assessment Record

Company	Everlast Group	Location / Area	The School House (Head Office)		Date	04/08/2020
Operation	Covid-19 (Coronavirus)	Completed By	Chris Carter		Review Date	On-Going
					Ref	ELG Office -Cov-19

Overview / Description

Assess the controls in place to reduce the spread of COVID-19 (coronavirus) throughout the building and protect employees while onsite.

Risk Matrix Summary Explained

The numbers in the table below are calculated thus: Severity x Likelihood = Risk.

Likelihood	Severity					Risk Level		
	Minor (1)	Major (2)	Critical (3)	Fatal (4)	Multiple Fatalities (5)	Level Control Measures Suffice	Reduce the risk as soon as possible	Imminent Risk Work should be suspended
Improbable (1)	1	2	3	4	5			
Remote (2)	2	4	6	8	10			
Possible (3)	3	6	9	12	15			
Probable (4)	4	8	12	16	20			
Certain (5)	5	10	15	20	25			

Likelihood

1. Improbable – not likely to be true or to happen
2. Remote – having very little connection with or relationship to
3. Possible – occurring infrequently and irregularly
4. Probable – likely to happen
5. Certain – occurring many times at short intervals

Severity

1. Minor - No lost time
2. Major – >1 Employee lost time
3. Critical – Requires Professional Medical Attention, take to Hospital
4. Fatal – Fatal
5. Multiple Fatalities – Multiple Fatalities

HAZARD	RISK LEVEL	CONTROL MEASURES	NEW RISK LEVEL	ADDITIONAL CONTROLS REQUIRED	CLOSE OUT
<p>Outbreak of Coronavirus COVID-19</p> <p>Risk to: All persons High</p>	25	<p>The coronavirus causes respiratory illness in humans, usually resulting in mild symptoms including runny nose, sore throat, cough and fever, loss or change to your sense of smell or taste. Some individuals experience more severe symptoms and it can lead to pneumonia, breathing difficulties and in rare cases death.</p>	10	<p>Review latest Government / World Health Organisation guidance and update as required</p>	On-Going
<p>Communications / Educate staff</p> <p>Risk of: Infection control</p> <p>Risk to: All persons</p>	25	<p>Educate staff via regular communications without causing panic. For example, develop and communicate a Coronavirus Covid-19 management plan, send emails or display posters, perform team briefs outlining the current situation and any updated Government advice. Promote good hand and respiratory hygiene, promoting infection control procedures.</p>	10	<p>Review latest Government / World Health Organisation guidance and update as required</p> <p>Consideration should be given to the displaying of posters on “cough etiquette”, hand and respiratory hygiene</p>	On-Going
<p>Good Personal Hygiene</p> <p>Risk of: Infection control</p> <p>Risk to: All persons</p>	25	<p>Persons should cover their mouth and nose with a tissue (not your hands) when they cough or sneeze. The used tissue should then be placed in the bin immediately. Persons should then wash their hands with soap and hot water for a minimum of 20 seconds. CATCH IT, BIN IT, KILL IT.</p> <p>Persons should wash their hands frequently using hot water and soap – use hand sanitiser gel if soap and water are not available. In addition, persons should try to avoid close contact with other people i.e. no shaking of hands etc.</p>	10	<p>Review latest Government / World Health Organisation guidance and update as required</p> <p>Ensure there is a ready supply of hot water, soap and also paper towels / hand drying facilities</p> <p>On-going monitoring by management</p>	On-Going

HAZARD	RISK LEVEL	CONTROL MEASURES	NEW RISK LEVEL	ADDITIONAL CONTROLS REQUIRED	CLOSE OUT
<p>Staff member with symptoms / close contact with persons with symptoms</p> <p>Risk of: Flu-like symptoms, Pneumonia, Breathing difficulties, Death</p> <p>Risk to: All persons</p>	<p>25</p>	<p>A staff member who is experiencing symptoms similar to those present with the coronavirus (cough, sore throat, fever, breathing difficulties, chest pain, loss of taste and/or smell), or who has had close contact with someone experiencing these symptoms, must not come to work. The staff member should contact their GP / Government helpline to notify them of their travel, current status and to receive further advice. The staff member should then contact their Line Manager and update them in relation to their condition and advice they have been given. If the staff member is advised by medical professionals to self-quarantine, they must do so, and only return to work when the incubation period is over, and symptoms have gone. If a staff member becomes unwell with coronavirus related symptoms whilst on site, they must make their way to a confined area, and contact their Line Manager or a member of management with immediate effect. The person will be advised to liaise with their GP / Government helpline to seek further advice before leaving site, to ensure they reduce the likelihood of infecting other persons they may be advised not to use public transport etc. The working area of any staff member who suspects they may have contracted Coronavirus, (including welfare facilities), will be subject to a “deep clean” in accordance with Government guidance. All other staff will be advised of any persons within the workplace who have shown signs of the infection, and who are being tested for Coronavirus.</p>	<p>10</p>	<p>Review latest Government / World Health Organisation guidance and update as required.</p> <p>Current Government advice requires persons who have either developed symptoms or who have been in contact with a family member who has presented with symptoms of Coronavirus Covid-19 to self-isolate, along with all members of the household for 14 days.</p> <p>If you are contacted by the NHS test and trace service because you have been in close contact with someone who has tested positive for coronavirus you will be told to begin self-isolation for 14 days from your last contact with the person who has tested positive.</p> <p>If you receive a call you must inform your Manager/Director.</p>	<p>On-Going</p>

HAZARD	RISK LEVEL	CONTROL MEASURES	NEW RISK LEVEL	ADDITIONAL CONTROLS REQUIRED	CLOSE OUT
		However, the individual’s identity will not be disclosed during any communication / updates to staff.			
Persons returning from travel in a High-Risk area Risk of: Infection control Risk to: All persons, including work colleagues	25	Employees must follow Government advice if they have returned from travel to any of the “high-risk” areas (as defined by Government). This advice includes the requirements for the individual to “self-quarantine” if they have returned from a high-risk area within the last 14 days, even if they do not have any of the symptoms. The individual should liaise with their GP, call the Government helpline to notify them of their travel, current status and to receive further advice. The Company will also advise the individual not to return to work until after the incubation period is over and any symptoms have gone.	10	Review latest Government / World Health Organisation guidance and update as required	On-Going
Limit work trips / no travel to high risk areas Risk of: Increased exposure, Infection control Risk to: Staff member travelling, all persons	25	The Government will provide advice in relation to areas where persons are advised not to travel at present. This advice is updated on a regular basis. The company will monitor this advice and adhere to it as required. Consideration will also be given to work trips, with all nonessential trips reviewed and decisions made as to whether the trip will be postponed on an individual basis, taking circumstances at the time into consideration i.e. purpose of trip, area of travel, methods of travel, infection control procedures etc Staff members would be asked to inform their manager of any forthcoming travel plans, prior to travel, including personal travel.	4	Review latest Government / World Health Organisation guidance and update as required. Visitors to the premises should be reviewed, with no authorisation provided to those persons from high-risk areas, or who should be self-isolating in accordance with Government guidance	On-Going
